Order A Personal Presentation

We will be delighted to make a personal, specific issue-focused presentation for you on any of the investment matters related to the Kyrgyz Republic.

We can do that in Zurich, Geneva, London or Moscow. Or you may wish to come to Bishkek for that, which is always the easiest variant.

At the start we will help you assess commercial and legal perspectives of the project which you are considering, following which we can organize business and governmental meetings in Kyrgyzstan to discuss the parameters of your interest with more specifics.

Please use the CONTACT page to see how you can get in touch with us.
