Check How Viable Is Your Potential Project

We will be happy to review any project or business you are potentially considering to start in Kyrgyzstan.

Please also think of us as a referral resource: at the research stage what you most need is direct contacts with key decision makers and potential partners in the country.

The Agency is also capable of very quickly mobilizing the legal brain to assess if what you have in mind will fit with Kyrgyzstan's laws and regulations. We have the best legal talent available within the legal team supporting the Agency.

Please call us, email us or pay us a visit if you wish to see if Kyrgyzstan can be of help to your business.
